題 目 : "Judicial Dilemma: Secular or Syariah for Inter-Faith Family Disputes in Malaysia"

概 要 : Malaysia is a multi-racial and multi-religious country which has two parallel legal systems; one for the Muslims and the other for the Non-Muslims. Jurisdictional conflicts often arise between the Civil Courts and the Syariah Courts on child custody disputes and unilateral conversion of Non-Muslim children to Islam by a converted spouse. Landmark cases on inter-faith family disputes, disparities in judicial opinions, proposed legislative reforms and increasing Islamic Religious Rulings (Fatwa) will be discussed. Japanese divorce by agreement (kyogi rikon) and family court mediation (chotei) are examined by conducting discussions with Japanese academics, lawyers and mediators to propose viable measures to resolve the inter-faith family disputes in Malaysia.
