South Africa has made considerable strides toward improving the wellbeing of its citizens since its transition to democracy in the mid-1990s. This series of seminars will focus on family matters, such as DV, protection of children in need, same-sex marriage and surrogacy. In South Africa, the Civil Union Act legalized same-sex marriage. Surrogacy is also regulated by the Children's Act.

Pre-registration is mandatory for the 3rd session (surrogacy), recommended for the 1st and 2nd, [Mail to gaikokuho@gmail.com](mailto:gaikokuho@gmail.com)
